RMB hires Stuart Jarvis as Investment Director

Rosette Merchant Bank LLP ("**Rosette**") has hired Stuart Jarvis as Investment Director.

Stuart brings with him a strong track record in U.K. and European commercial real estate combined with a wealth of experience in the Islamic finance sector. A fluent Arabic speaker, Stuart has previously held senior positions at Investment houses in London, Kuwait and Malaysia.

Stuart's appointment bolsters Rosette's Real Estate team, which has now transacted over £200 million of assets since its inception in 2016 with a further £60 million currently under offer.

The news follows the recent promotions of Sam Broadhead to Chief Executive Officer and Adam Cavanagh to Chief Investment Officer. Both are now leading the growth and development of the business and are looking to expand Rosette into new areas that will create exciting opportunities in the Islamic finance sector.

Concurrently, Rosette is also expanding its geographic reach beyond its traditional GCC market. Amr Kenawy, Rosette's Chief Business Development Officer, has led efforts in Malaysia and is continuing to take Rosette into the wider Asia Pacific markets with equal success.
